

I am a private citizen who provides financial support to a Christian commercial free FM radio station, KLOVE, and also listen to another station KCIR. I receive both of these stations via FM translator service. The stations are a source of entertainment, inspiration, and encouragement to me, my family and friends, and the community as a whole. The music provided by these stations has become a part of our daily like.

KLOVE, KCIR, and other stations like it are truly a unique FM station that offers a wholesome music alternative you can not hear on commercial radios. I have been informed that the implementation of proceeding 04-233, Low Power FM (LPFM) may prevent this community's, and many others like it, from receiving the stations via FM translator. This would be a great blow and disappointment to me personally and all those who listen to these stations and enjoy the programming enough to support it financially.

PLEASE DON'T MAKE A RULING THAT WOULD BLOCK THIS VERY VALUABLE RADIO STATION ALTERNATIVE.

A copy of this note will be sent to my congressman and senators.
